ANDREW CRAIG ENGINEERING SCHOLARSHIP

The Andrew Craig Engineering Scholarship has been established as part of a Flavourtech Pty Ltd initiative to support students who are based in the Griffith NSW region. This scholarship program aims to invest in local talent and reduce the financial barriers for those enrolling in undergraduate /pathway studies at TAFE NSW or a university of choice.

A scholarship of \$6,000 is available, paid in two instalments at the beginning of the school year and mid year at dates to be determined.

Who is Flavourtech?

Flavourtech is an Australian company that manufactures advanced technology process equipment for the food and beverage industries worldwide. The company is enjoying substantial success selling innovative systems based on its unique Spinning Cone Column and Centritherm® evaporator technologies.

Flavourtech employ highly skilled staff across all areas of the business, we are passionate about driving real results. In 2025 we were recognised by Austrade as Regional Exporter of the Year for NSW. We were also recognised by Business NSW in the categories of Excellence in Large Business and Excellence in International Business for the Murray Riverina Region.

Eligibility criteria

Prospective candidates should ensure they meet all criteria before submitting their application.

To be eligible you must have:

- Completed your HSC
- Enrolled full time or part time in a TAFE NSW Diploma/Advanced Diploma course or undergraduate bachelor's degree as a new student in the study of Engineering (Mechanical, Process, or Chemical) at an education institution of your choice in Semester / Trimester 1; and
- Able to demonstrate you currently reside: Griffith, Murrumbidgee, Leeton or Carrathool Local Government Area.

Testimonials

James Laviano - 2023 Scholarship Recipient

Bachelor of Mechatronics Engineering - University of Newcastle

Studying mechatronic engineering has had its stressful moments the break it or make it kind of moments, it was calming to have one less thing to worry about during these moments

Sophia Pierotti - 2024 Scholarship Recipient

Bachelor of Project Management - University of Sydney

The Flavourtech Scholarship in Engineering has provided me with wonderful opportunities in the field of Project Management. In my time working at Flavourtech over the break, I was able to apply my knowledge from my studies and develop a deeper understanding of the role.

The financial aspect of the scholarship has allowed me to get more involved in University life beyond my studies and nurture my love for sport. This scholarship has supported me through a fantastic first year of University.

Hugh Donaldson - 2025 Scholarship Recipient

Bachelor of Electrical Engineering & Computing - University NSW

I've always been fascinated by how technology can address real-world challenges. This curiosity has driven me to excel academically and actively seek out opportunities to engage with my community. These courses perfectly align with my desire to solve complex problems through technology and I hope my future career will allow me to make a meaningful impact in the Griffith community.
